Stuff you need to know

What is Givetu?

Givetu is a website dedicated to providing unique and creative gift ideas for your friends and loved ones based on a few simple criteria.

Why can't I specify interests such as sports or music as part of my criteria?

Givetu is about discovering what the web has to offer in terms of gift ideas. All the gifts on our page aim to be a little outside the box of traditional thinking and we hope our users take inspiration for their gifts from all across the spectrum.

The product on Amazon.com does not ship to my country. What can I do?

While we regret the fact that not all products on amazon.com will ship everywhere in the world, there are many ways to get around this problem. We would recommend the use of a parcel forwarding service such as <http://##>
